

NDEE IIJA/IRA Grant Funding Status as of 4.15.2024

Total \$ Applied For: \$709,312,312

Total \$ Awarded to Date: \$100,693,193

Grant Title	IIJA/IRA	Federal Agency	Application Submitted	Amount applied for	Program Period of Application	Award Amount	Date Awarded		Status	Notes
Climate Pollution Reduction Implementation Grant	IRA	Environmental Protection Agency (EPA)	3/29/2024	\$341,399,719	4 yrs.			This is a competitive grant program through EPA. This competition will award grants to states, territories, Tribal governments, municipalities, and eligible nonprofit recipients. These entities all submitted a Priority Climate Action Plan (PCAP) to be eligible to submit an application. In total, \$4.6 billion will be awarded to winning applicants in the fall of 2024.	Application Submitted	
Climate Pollution Reduction Planning Grant	IRA	Environmental Protection Agency (EPA)		\$2,999,997	4 yrs.	\$2,999,997	8/3/2023	Through this award, NDEE will develop a Priority Climate Action Plan (PCAP) due by March 1, 2024, followed by a Comprehensive Climate Action Plan (CCAP) due in late summer of 2025 (within two years of the award date).	Program Development in Progress	Priority Climate Action Plan submitted on 3/1/2024. Drafting Comprehensive Climate Action Plan
Weatherization Assistance Program - BIL	IIJA	Department of Energy (DOE)		\$24,527,380	5 yrs.	\$12,263,690	7/1/2022	To increase the energy efficiency of dwellings owned or occupied by low-income persons , reduce their total residential energy expenditures, and improve their health and safety.	Program Implementation	Additional funds will be released once milestones are met.
Solar for All	IRA	Environmental Protection Agency (EPA)	10/12/2023	\$70,656,000	5 yrs.			This is a competitive grant program through EPA. This competition will award up to 60 grants to states, territories, Tribal governments, municipalities, and eligible nonprofit recipients to expand the number of low-income and disadvantaged communities primed for distributed solar investment—enabling millions of low-income households to access affordable, resilient, and clean solar energy. Grantees will use funds to expand existing low-income solar programs or design and deploy new Solar for All programs nationwide. NDEE submitted a coalition application with electric utilities. If awarded, NDEE and the coalition members will create a program that will expand statewide access to solar energy with community solar and residential solar projects, promote and encourage solar energy development through outreach with community leaders and citizens, and support the creation and retention of local high-quality jobs to support the solar energy projects. NDEE also plans to set aside of portion of the funding for communities not served by utilities represented as part of the coalition.	Application Submitted	Competitive Grant - EPA anticipated to make award notifications March 2024
Energy efficiency revolving loan fund capitalization grant program <i>BIL-Section 40502.</i>	IIJA	Department of Energy (DOE)	5/25/2023	\$5,600,420	5 yrs.			NDEE plans to support energy efficient measures in public buildings, with an emphasis on K-12 schools, by providing loan interest loans to finance projects. NDEE will partner with Nebraska lenders by purchasing a percentage of the loans at zero interest, which lowers the interest rate and leverages lender funds for each loan. Funds may also be used to provide grants for approximately 5% of project costs for energy audits and other program requirements.	Application Submitted	
Preventing Outages and Enhancing the Resilience of the Electric Grid <i>BIL –Section 40101(d).</i>	IIJA	Department of Energy (DOE)	5/25/2023	\$10,821,896	Year 1 & 2 of 5	\$10,821,896	9/1/2023	NDEE plans to support grid improvement projects that result in a more resilient electrical grid and promote a clean and equitable energy economy. Eligible projects will rebuild and restore infrastructure for transmission and distribution, protect existing equipment from weather related events, support new adaptive protection technology, and provide recruitment and retention of energy technology workers. Funding must be distributed equitably to Nebraskans, including underserved communities that are more susceptible or vulnerable to electric power outages.	Awarded - Program Development in Progress	Application Period to open soon

Grant Title	IIJA/IRA	Federal Agency	Application Submitted	Amount applied for	Program Period of Application	Award Amount	Date Awarded		Status	Notes
Energy Efficiency and Conservation Block Grant Program <i>BIL-Section 40552.</i>	IIJA	Department of Energy (DOE)	Initial Application form sent 4/10/2023	\$1,779,420	3 yrs.	\$1,779,420	12/1/2023	NDEE plans to support local communities to implement high-impact, self-sustaining clean energy projects. NDEE will develop a grant program to provide funding for a community based on its individual needs.	Awarded - Program Development in Progress	Application Period open now through April 30th, 2024
State Energy Program -BIL Provides additional funding to State Energy Program, adds mandatory requirements. <i>BIL -Section 40108 & 40109.</i>	IIJA	Department of Energy (DOE)	3/9/2023	\$4,603,380	5 yrs.	\$4,603,380	7/1/2022	NDEE plans to review and update Nebraska Energy Office's Energy Security Plan, report on Nebraska Energy Office's activities to support transmission and distribution planning, support K-12 public schools with grants for energy audits to identify retrofit project that could improve energy efficiency and/or air quality in school buildings.	Awarded - Program Development in Progress	
High-Efficiency Electric Home Rebate Program	IRA	Department of Energy (DOE)		\$45,813,680		\$1,145,342		To award grants to state energy offices and Tribal entities to develop and implement a high-efficiency electric home rebate program.	Preparing Application/Program Development	Application due to DOE 1/31/2025. NDEE applied for early administration and tencial assistance funding on 1/19/24 and received approval 4/5/2024
Home Energy Performance-Based, Whole-House Rebates	IRA	Department of Energy (DOE)		\$45,547,120		\$1,138,678		To award grants to state energy offices to develop a whole-house energy saving retrofits program that will provide rebates to homeowners and aggregators for whole-house energy saving retrofits.	Preparing Application/Program Development	Application due to DOE 1/31/2025. NDEE applied for early administration and tencial assistance funding on 1/19/24 and and received approval 4/5/2024.
State-Based Energy Efficiency Contractor Training Grant Program (TREC) <i>IRA Section 50123</i>	IRA	Department of Energy (DOE)	9/30/2023	\$1,614,510	4 yrs.			Reduce the cost of training contractor employees. States can partner with non-profit organizations to develop and implement a State-sponsored workforce program to reduce the cost of training contractor employees	Application Submitted	
Solid Waste Infrastructure for Recycling (SWIFR) Grant	IRA	Environmental Protection Agency (EPA)	5/31/2023	\$612,441	3 yrs.	\$612,441	8/10/2023	Projects funded through the grant program will inform the public about residential or community waste prevention or recycling programs; provide information about the recycled materials that are accepted; and increase collection rates and decrease contamination across the nation.	Program Development	RFP sent to DAS
Drinking Water State Revolving Funds: Lead service line replacement (FY 22)	IIJA	Environmental Protection Agency (EPA)	6/2/2022	\$28,350,000	5 yrs.	\$28,350,000	9/21/2022	Projects limited to lead service line replacement and associated activities related to identification, planning, design and removal.	Program Implementation	
Drinking Water State Revolving Funds: Lead service line replacement (FY 23)	IIJA	Environmental Protection Agency (EPA)	TBD Est. March 2024	\$28,650,000	5 yrs.			Projects limited to lead service line replacement and associated activities related to identification, planning, design and removal.	Application to be submitted in 2nd year	
Emerging Contaminants in Small or Disadvantaged Communities Grant (FY 22 & 23)	IIJA	Environmental Protection Agency (EPA)	Workplan Submitted to EPA	\$18,914,000	6 yrs.			Grant funding – to address PFAS and other emerging contaminants (e.g., Manganese) in drinking water, specifically in small or disadvantaged communities.		No Year Grant
Clean Water SRF General Supplemental (FY 22)	IIJA	Environmental Protection Agency (EPA)	6/2/2022	\$9,103,000	5 yrs.	\$9,103,000	9/21/2022	BIL General Supplemental for the same purpose as the annual SRF capitalization grant.	Program Implementation	
Clean Water SRF General Supplemental (FY 23)	IIJA	Environmental Protection Agency (EPA)	5/10/2023	\$10,661,000	5 yrs.			BIL General Supplemental for the same purpose as the annual SRF capitalization grant.	Awaiting EPA Award	
Drinking Water SRF General Supplemental (FY 22)	IIJA	Environmental Protection Agency (EPA)	6/2/2022	\$17,992,000	5 yrs.	\$17,992,000	9/15/2022	BIL General Supplemental for the same purpose as the annual SRF capitalization grant.	Program Implementation	
Drinking Water SRF General Supplemental (FY 23)	IIJA	Environmental Protection Agency (EPA)	5/10/2023	\$21,055,000	5 yrs.			BIL General Supplemental for the same purpose as the annual SRF capitalization grant.	Awaiting EPA Award	

Grant Title	IIJA/IRA	Federal Agency	Application Submitted	Amount applied for	Program Period of Application	Award Amount	Date Awarded		Status	Notes
Clean Water State Revolving Funds: emerging contaminants (FY22)	IIJA	Environmental Protection Agency (EPA)	6/2/2022	\$478,000	5 yrs.		5/23/2023	Clean Water State Revolving Fund funding as described in the Clean Water State Revolving Fund program, with eligible projects limited to those that address emerging contaminants. Per that allowable under the program, the noted \$478,000 of funding will be transferred to the DWSRF emerging contaminants grant.	Program Implementation	
Clean Water State Revolving Funds: emerging contaminants (FY23)	IIJA	Environmental Protection Agency (EPA)	7/21/2023	\$1,088,000	5 yrs.			Same as the above, per that allowable under the program, the noted \$1,088,000 of funding will be transferred to the DWSRF emerging contaminants grant.	Awaiting EPA Award	
Drinking Water State Revolving Funds: emerging contaminants (FY22)	IIJA	Environmental Protection Agency (EPA)	6/2/2022	\$7,555,000	5 yrs.	\$8,033,000	8/11/2023	Eligible projects limited to those that address emerging contaminants, primarily PFAS and Manganese in drinking water	Program Implementation	
Drinking Water State Revolving Funds: emerging contaminants (FY23)	IIJA	Environmental Protection Agency (EPA)	7/21/2023	\$7,640,000	5 yrs.			Eligible projects limited to those that address emerging contaminants, primarily PFAS and Manganese in drinking water	Awaiting EPA Award	
Brownfields Section 128(a) State Response Program	IIJA	Environmental Protection Agency (EPA)		\$1,728,640		\$1,728,640		Environmental Protection Agency's Brownfields Program provides funds to empower states, communities, tribes, and nonprofit organizations to prevent, inventory, assess, clean up, and reuse brownfield sites. Environmental Protection Agency provides technical and financial assistance for brownfields activities that protect human health and the environment, encourage sustainable reuse, promote partnerships, strengthen local economies, and create jobs. By providing funds and technical assistance to assess, cleanup, and plan for site reuse, Environmental Protection Agency enables communities to overcome the environmental, legal, and fiscal challenges associated with brownfields properties. Environmental Protection Agency's investments in communities across the country help local leaders eliminate uncertainties, clean up contaminated properties, and transform brownfield sites into community assets.	Program Implementation
