Date: 1/23/2006
Expires: 2/22/2006
Reference: Clipston
Site: Hadar, NE
SalesPerson: Jim Bailey

We are pleased to present the following revised remediation equipment quote for your Clipston Minimart project in Hadar, NE.

<u>Qty</u>	<u>Part Number / Description</u>	<u>Unit Cost</u>	<u>Your Cost</u>
1	VLR-400 Vapor Extraction Package, 260 ACFM at 10" HG (up to 22" HG), with Rietschle VLR-400 oilless claw vacuum pump, 10 HP, 230 V, 3PH, explosion-proof (XP) motor, vacuum relief valve, liquid-filled vacuum gauge, dilution air valve, stainless steel discharge flow meter, discharge sample port, CS-24b condensate filter separator, stainless steel 3-point level sensor, housing, 1 HP, 230 V, 3PH, XP condensate pump, Viton seal, check valve, flow control valve, liquid-filled pressure gauge, piping, and 4" inlet piping with flanged butterfly valve, and liquid-filled vacuum gauge.	\$21,166.00 EA	\$21,166.00
1	STAT 30-4 Low-Profile Air Stripper, 4-Tray, stainless steel construction, 3 HP, 230 V, 3PH, XP regenerative blower, in-line inlet filter, pressure gauge, XP pressure switch, flow control valve, piping from condensate pump, stainless steel inlet flow rate indicator, inlet sample port, stainless steel 3-point level sensor and holder, 1/2 HP, 230 V, 3PH, XP discharge pump with Viton seal, check valve, flow control valve, stainless steel flow meter with display, discharge sample port, and piping. Performance based on 10 gpm maximum flow of 18,000 ppb Benzene influent with less than 40 ppb effluent, and 12,300 ppb Xylenes to less than 400 ppb.	\$10,970.00 EA	\$10,970.00

1	Series R740-1400 EPG Series R740-1400 Controller, UL listed, 230 V, 3PH, NEMA 4 enclosure with dead front, inner door, stainless steel drip shield, padlocking handle, and main disconnect, to control 10 HP vapor extraction blower, HOA switch, green run light, elapsed time meter, intrinsically safe (IS) 3-point condensate separator level sensor, red alarm light, 1 HP condensate pump, (H)OA switch, green run light, elapsed time meter, 3 HP air stripper blower, HOA switch, green run light, elapsed time meter, off-delay timer, low pressure switch, fault on-delay timer, red alarm light, IS 3-point sump level sensor, red alarm light, 1/2 HP discharge pump, (H)OA switch, green run light, elapsed time meter, Sensaphone 1104 autodialer for power failure, high condensate level, low air pressure, and high air stripper level, 1/4A GFCI, surge suppressor, battery backup, panel heater and thermostat, and power for heater, fan, and lights with switch.	\$6,830.00 EA	\$6,830.00
1	CC8.5X16TA2 Enclosed Trailer, ~8.5'X16'X7.5', double back doors, white exterior (or specify other), square body style, 1' extended tongue for control panel mount, insulated walls, ceiling, and floor, plywood walls and ceiling, aluminum tread plate floor (ATP), four corner stabilizer jacks, XP heater and thermostat, XP fan and thermostat, XP light, louver vents, wall and ceiling penetrations and piping, equipment supports and fasteners, and XP conduit, wire and seal-offs. Mounted, wired, and tested. Includes freight to the site.	\$17,274.00 EA	\$17,274.00

Total amount quoted \$ 56,240.00

*All piping and valves to be steel. See Bulletin 3401 regarding Terms of Sale subject to credit approval, and Bulletin 0200c describing our Limited Warranty. This quote is valid for thirty (30) days. ¹¹⁵
Currently, this equipment would ship in approximately ten (10) to twelve (12) weeks from date of approved order. If you have any questions or would like to place an order, please call me at 800-443-7426. 64,676.00

Sincerely,
EPG Companies Inc.
