IMPORTANT: PLEASE READ THE INSTRUCTIONS BELOW PRIOR TO COMPLETING THIS FORM.

Please type responses or use black ink. Do NOT use pencil.

Table 1 contains a listing of the requirements in Title 129 that may be applicable to one or more emission units in your source. Be sure to check or identify all standards that **MAY** apply. You must include requirements that appear to be applicable, even if you believe (or know) that they do not apply. Later in this section, you will be given the opportunity to explain why a certain requirement does not apply to your source. Also, if one or more emission units in your source is/are subject to a State requirement that affects air quality and is not listed in the following table, you must include that requirement in Table 2.

In Table 3, please identify any State requirements checked in Table 1 that you believe **DO NOT** apply to emission units in your source. Please provide justification as to why a specific requirement does not apply. Attach additional pages if necessary. Do not identify NSPS or NESHAP requirements from Title 129, Chapters 18, 23, and 28 in this section, as you will be given an opportunity to identify these requirements and justify why they do not apply to emission units in your source in Sections 4.2 and 4.3 of this form.

Please check if all the Applicable Requirements selected previously or provided in Table 2 **DO** apply to emission units in your source.
