

# CHAPTER 9:

## Distribution of Aid

---

The Department has a number of programs that distribute aid for specific activities. These range from funding for roadside cleanup to providing loans through the State Revolving Fund Loan Programs for construction of wastewater treatment facilities and drinking water systems.

### **WASTE MANAGEMENT AID PROGRAMS**

Following is a summary of funds provided in FY2019 through the Waste Grants programs managed in the Waste Planning and Aid Unit.

#### **A. Litter Reduction and Recycling**

The Litter Reduction and Recycling Grant Program provides funds to reduce litter, provide education and promote recycling in Nebraska. Funding for the program is an annual fee on manufacturers, wholesalers and retailers who have significant sales in categories of products that would generally be considered to produce litter.

In FY2019, 49 Litter Reduction and Recycling grants were awarded, totaling \$1,300,000. The grants were awarded in three categories: Public Education, \$826,761; Cleanup, \$49,716; and Recycling, \$423,523. These grants were awarded to both public and private entities.

#### **B. Waste Reduction and Recycling**

The Waste Reduction and Recycling Incentive Grants Program provides grants for various solid waste management activities. Revenues to the fund are provided by proceeds from various fees, including a one-dollar fee on each new tire sold in the state, and a retail business fee on tangible personal property sold in the state. In addition, 50% of a fee collected on the disposal of solid waste going to landfills goes to this fund.

In FY2019, 83 projects totaling \$1,729,302 were funded from the Waste Reduction and Recycling Incentive Grants Program.

#### **C. Illegal Dumpsite Cleanup Program**

The Illegal Dumpsite Cleanup Program, established in 1997, provides funding for political subdivisions to clean up solid waste disposed of along public roadways or ditches. Potential funding is limited to five percent of the total revenue from the disposal fee collected in the preceding fiscal year. In FY2019, the program provided \$14,936 to 21 recipients.

#### **D. Landfill Disposal Fee Rebate Program**

The Landfill Disposal Fee Rebate Program was created as an incentive to political subdivisions to support and encourage the purchasing of products, materials, or supplies that are manufactured or produced from recycled material. Funding for the program is from the Waste Reduction and Recycling Incentive Fund. In FY2019, the program provided \$91,630 to 11 recipients.

Any municipality or county may apply for a rebate if they have a written purchasing policy in effect requiring a preference for purchasing products, materials or supplies which are manufactured or produced from recycled material. If the policy is approved by NDEQ, the applicant may receive a ten cent rebate from the \$1.25 per ton disposal fee. Rebates are provided no more than quarterly and no less than annually.

Additional information about these programs can be found in the Planning and Aid portion of Chapter 5.

## **WATER QUALITY AID PROGRAMS**

### **A. Petroleum Remediation**

The Petroleum Remediation program provides aid through the Petroleum Release Remedial Action Fund to assist in paying the cost of cleanup of sites where petroleum has leaked from tanks, generally service stations. Funding to this program is primarily provided by a fee on petroleum sold in Nebraska. Over \$236 million has been disbursed since the program began. The program provided \$3.2 million to 186 sites for investigation and cleanup in FY2019.

Additional information about this program can be found in the Petroleum Remediation portion of Chapter 6.

### **B. State Revolving Loan Fund Program**

**I. The Clean Water State Revolving Loan Fund** provides low interest loans and loan forgiveness to municipalities for construction of wastewater treatment facilities and sanitary sewer collection systems. The sources of funding for this program include federal grants and funds from the Nebraska Investment Financial Authority (NIFA) through bond issuance. In FY2019, the CWSRF funded projects totaling \$8,749,528 in loans and \$771,302 in principal forgiveness and grant funds.

Additional information about these programs can be found in the State Revolving Loan Fund Programs portion of Chapter 6.

**II. The Drinking Water State Revolving Fund** provides low-interest loans and loan forgiveness to owners of public water systems. In FY2019, the program provided financial assistance to public water system projects totaling \$10,286,699, of which disadvantaged communities received \$1,798,941 in forgiveness funding.

Additional information about these programs can be found in the State Revolving Loan Programs portion of Chapter 6.
